

THE MIGRAINE DISABILITY ASSESSMENT TEST

pain as bad as it can be.)

The MIDAS (Migraine Disability Assessment) questionnaire was put together to help you measure the impact your

headaches have on your life. The information on this questionnaire is also helpful for your primary care provider to

determine the level of pain and disability caused by your headaches and to find the best treatment for you.

Instructions

Please answer the following questions about ALL of the headaches you have had over the last 3 months. Select your answer in the box next to each question. Select zero if you did not have the activity in the last 3 months. Please take the completed form to your healthcare professional.

 1. On how many days in the last 3 months did you miss work or school because of your headaches? 2. How many days in the last 3 months was your productivity at work or school reduced by half or months because of your headaches? (Do not include days you counted in question 1 where you missed work school.) 	
 3. On how many days in the last 3 months did you not do household work (such as housework, home repairs and maintenance, shopping, caring for children and relatives) because of your headaches? 4. How many days in the last 3 months was your productivity in household work reduced by half of motobecause of your headaches? (Do not include days you counted in question 3 where you did not do household work.) 	ore
 5. On how many days in the last 3 months did you miss family, social or leisure activities because of you headaches? Total (Questions 1-5) 	ou-
What your Physician will need to know about your headache:	any days in the last 3 months was your productivity at work or school reduced by half or more to e of your headaches? (Do not include days you counted in question 1 where you missed work or or many days in the last 3 months did you not do household work (such as housework, home and maintenance, shopping, caring for children and relatives) because of your headaches? any days in the last 3 months was your productivity in household work reduced by half of more to e of your headaches? (Do not include days you counted in question 3 where you did not do hold work.) or many days in the last 3 months did you miss family, social or leisure activities because of youthes? Testions 1-5) It is in the last 3 months did you have a headache? (If a headache lasted more than 1 unt each day.)
A. On how many days in the last 3 months did you have a headache? (If a headache lasted more than day, count each day.)	1
B. On a scale of 0 - 10, on average how painful were these headaches? (where 0=no pain at all, and 10:	=

Scoring: After you have filled out this questionnaire, add the total number of days from questions 1-5 (ignore A and B).
